

Stop The Time

Kurt Nilsen

If I could stop the time
when i needed a break
Get of the train
and let it go its way
Wouldn't have known
have to thank you

I've got a girl I love
three kids in the house
Bills to my neck
working hours at night
I got friends I never get to see no more
a house to paint, the gate and the door
Flowers to grow, a road to clean
a lawn to cut, its pretty steew
I can't go nowhere without my job
my telephon's ringing all day long

If I could stop the time
when i needed a break
Get of the train
and let it go its way
I wouldn'd known
have to thank you

If I could stop the time
and let it all fly away
take a long deep breath
and stay for a day
wouldn't know what to say
maybe I wouldn't feel this way
heey'
