

## Shame Chamber

Kurt Vile

Everyone's sayin' I should probably give up  
And hey, I wouldn't wanna waste no time  
How can I even look myself in the mirror  
Then again, why would I?

It's just another day in the shame chamber  
Living life to the lowest power  
Feeling bad in the best way a man can

Shame on you, shame on you  
Shame on you  
Oh baby when you cry, it brings a tear to my eye  
Oh shame on us

Chubby in the face in a world of mocking slimes  
Time for the comedown  
How can I even look myself in the mirror?  
Then again I guess I think I

Wouldn't really matter in the shame chamber  
Living life to the lowest power  
Feeling bad in the best way a man can

Yeah, it's just another day in the shame chamber  
Living life to the lowest power  
Feeling bad in the best way a man can

Shame on you, shame on you  
Shame on you  
Oh baby when you cry, it brings a tear to my eye  
Oh shame on us
