I'ma slap him like the bitch that he is  
Then I'ma turn around and slap the bitch that he with  
I ain't never understood your type  
You know you wanna be a boss, we cut from a different cloth  
They never thought me and Quik would get it together  
Keep it Crippin while I dip and sip and spit it together

(bitch niggaz) (punk bitches)  
(fuckin snitches) (coward niggaz) (fuck 'em)  
(bitch niggaz) (punk bitches)  
(fuck y'all) (yeah and all)

Yeah I'm put together, Compton built me with an Einstein brain  
We live in Southern California where you GOTTA make it rain~!  
And if you jump I'll help you reconstruct the crash of the plane  
To survive, you gotta embrace pain  
Cause pain tells you that you need to get right wit'chaself  
So when you do replace the pain with wealth  
And even though the money can't buy you health  
You'll be eatin right for tellin them just how you felt  
I sleep in a mirrored room, worthy of an emperor  
I only get a temper when I'm talkin to the simpletons  
Give me patience, I deal with mental patients  
I see you as a dunce but I haven't said it once

(always talkin shit) (fuckin snitches) (coward niggaz)  
(cake bitches) (fuck y'all) ... (fuck you, fuck you)  
(bitch niggaz) (punk bitches)  
(fuck y'all) (you and all)

Hey, we we let it go, but you gotta get it though  
Kurupt is the venom; and Quik is the antidote  
Even though your man is slow, and can't keep the tempo yo  
I'm keepin it simple I'm stuck to this instrumental  
So bounce - we in your city makin all our rounds  
We get the dollars, euros, yen and pounds  
We stand on top of the couches; we like those girls  
without pouches and those braces and the slouches

So now (now) we'd like to challenge y'all to all get down  
(Get down) but all together like couples to the sound  
(The sound) don't want to hear no rebuttal  
Think of the music as the tracks and your body's the shovel

Take off, blast off in the sky to a high  
My bad, I ain't mean to make you mad  
Cadillac on 3's, old school, O.D.'s make me shiver  
If you try to take mines, or my homey's, I deliver  
these cannonball words through your window through the info  
Through your liver listenin I tell ya how I'm feelin

Hey - Hi-C, AMG, K&D  
Why y'all names all rhyme and mine don't?  
Cause I got it and y'all won't?  
I'm the Quiksta, I'm the funk  
I be bangin in the trunk  
All the bitches wanna fuck me cause they know I ain't no punk  
I'ma tell you niggaz once and for all dagnabbit  
If you can't see me with it, then you can never have it  
So fuck y'all!
