Walk in the club, doin it big  
Everything she do shit, on some bullshit  
Champagne on er body, on some new shit  
I'm a exclude her and include her  
Pussy wet on the set, nigga pussy purr  
On some jah rastafari ru girl  
Pink pussy, pink panties, pink nouveu  
Duvo, groove slow, got it Carusso  
Cruise slow, crook raw, just me and my uso  
This is how the club crack, after hour that

Ass on shake, make the club quake  
Everything she got, everything  
She make her pussy whistle, her pussy whistle  
On dizzy, (I'm out) man her pussy whistle  
Her pussy whistle, pussy whistle  
I make her pussy whistle  
Rally up, tally up, the whole valley up  
They have a party in the sky, stay high,  
Getting blown while we high, slow motion in the sky  
I make her pussy whistle

Sip the mimosa, I'm in the club flow  
It's just noodles with my boss, so we don't have low  
Watch er how she work the flow, breast coco mango  
Penny with the pussy hole, silky with the lace trim  
Slim goody, make her booty clap, I wanna trap that  
Make her kitty cat, whistle back, ya'll know she got that  
Red snapper, dog catcher, sun I had to ask er  
Will you get that B sippin on me miss blondie?  
When your friends call me, Palm sweet beach  
After party, let us all see, your pussy smoke a Lucy  
Creep, let yo body speak with the same heat  
Knee deep, in between the sheets, do it to the beat  
Come whistle at the hot chief, me and Gotti getting money  
Poppin Don, smoking lovely, G's up, hoes down  
Wu Tang and Dog Pound coming through your town  
Some party with the best, get it east or in the west
