Check it out, turn it down before I kill somethin'

You actin' like you're thugging, I'm a real one

Crack gritty gang, bitch I'm in this thing

Looking like money, you looking like a lame

And baby want a boss, I ain't with the talk

So if she ain't fucking, tell her get lost

Little ho you gotta know, you ain't with it you gotta go

I need a bitch that's with the business

That'll suck and fuckin for sure

Old funky ass, rat trap, scud bucket

Ratchet ass, nasty ass bitch

And your funky friend too, bitch

Money make the world go 'round

With my gift I can put my dick in any bitch's mouth

These to the honey, the honey is the money

Which enables me to turn a bitch

Outdoors, get it poppin' like popcorn

But I ain't mad at you, what the fuck you stop for?

I know why you came in and out for

Why you actin' like you're something that you not for, bitch?

Aye, you doin' shit that a bitch do
And aye, tell that nigga he a bitch too
You too loud, nigga, turn it down some
