

Never Too Late

Kutless

I see you staring at the sky,
All of your regrets just running down your face,
You think you finally crossed the line,
Feel you sealed your fate...

It's never too late, to call on Him
Whatever you've done, wherever you've been,
All your mistakes are covered by grace,
And as long as there's a breath left to take
It's never too late...

It's hard to hide the pain of life,
It's a losing game that you have played too long,
You've listened to the voice of pride,
It says you're too far gone, but believe me you're wrong...

It's never too late, to call on Him
Whatever you've done, wherever you've been,
All your mistakes are covered by grace,
And as long as there's a breath left to take
It's never too late...

To all who may be listening, it's never too late,
To all who may be lost, there is peace, there is freedom and fo
rgiveness,
Waiting at the cross, waiting at the cross.

It's never too late, to cry out to Him.
Whatever you've done, wherever you've been,
All your mistakes are covered by grace,
And as long as there's a breath left to take
It's never too late (x2)
It's never too late (I see you staring at the sky)
It's never too late (You think you finally crossed the line)
It's never too late (It's never too late)
