

## Pride Away

Kutless

Have u ever seen a man stumble and fallen,  
all do to his pride  
I don't want to be another one  
Fallen due to my pride

Woah

Take my pride away,pride away  
Take my pride away

Lord keep me only focused on u  
Make me a humble man  
Don't ever let me take the credit  
For all that u have done  
Woah...

Take my pride away,pride away  
Take my pride away

Away

Standing here amidst this point of definition  
Pushing for position as I battle oposition  
Am I on a mission or is it all in vain  
Do u notice the difference or is it all the same  
And who do I blame when my vision get blurry I  
Get in a hurry frustrated and feeling fury  
Faith is enduring to stand the test of time  
Answers are plain we make them hard to define  
But pull from divine when problems arise  
But pride denies and my stand never survives  
In every one of our lives in every single day  
We need to lay down our pride as God takes it away

Take my pride away,pride away...
