

We Lift You Up

Kutless

Come all you heavy hearted, come all you weary ones,
Hear what the grace of God has done.
Come cast your cares upon Him, come lay your burdens down,
Here in the place where peace is found...

We lift You up, we lift You up,
For Your great love.
We lift You up, we lift You up,
For Your great love.

We were the heavy hearted, we were the weary ones,
Until the grace of God's own Son.
We cast our cares upon You, we lay our burdens down,
Here in the place where peace is found...

We lift You up, we lift You up,
For Your great love.
We lift You up, we lift You up,
For Your great love.

Every knee will bow before Your throne,
Every tongue will confess that You are Lord.
Every knee will bow before Your throne,
Every tongue will confess that You are Lord.

We lift You up, we lift You up,
For Your great love.
We lift You up, we lift You up,
For Your great love.
