

## We Will Worship

Kutless

When days are gold and life is good,  
When the plans we make go as they should,  
Or when the sky turns dark and heartache falls,  
And a lonely painful season calls.

We will worship with all of our hearts,  
We will worship all that You are,  
Through the best, through the worst,  
Jesus we choose, we will worship You.

The only constant here is change,  
But You forever stay the same,  
No matter what this life holds in store,  
The truth remains, You are Lord.

We will worship with all of our hearts,  
We will worship all that You are,  
Through the best, through the worst,  
Jesus we choose, we will worship You.

You are high and lifted up, good in all Your ways,  
Glorious and worthy of all praise,  
You are high and lifted up, to You our voices raise,  
You're worthy of our praise.

So we will worship with all of our hearts,  
We will worship all that You are,  
Through the best, through the worst,  
Jesus we choose...

We will worship with all of our hearts,  
We will worship all that You are,  
Through the best, through the worst,  
Jesus we choose, we will worship You,  
We will worship You.
