

# One Time

Ky-Mani Marley

Motivated right about now  
Yeah that's right

Five bro five  
The track on five

Let mi tell it to you one time  
You violate mi even one time  
I only pull the trigger one time  
Slug kiss only one time  
You see the pictures all at one time  
Soliders lace dem I buss them one time  
Girl if I give to me one time  
It's forsure you'll be back more than one time

Just know your fuckin' with a city boy  
And know dem city boys keep alotta toys  
Like AK'S SK'S Eagles and loins  
Keep me feelin' like the world is mine yeah  
I'm at the table just dying for xxxx to pop off  
So I can run in da safe and snatch the lock of  
I got something dat will run through your vest  
And leave a baseball hole in your chest  
So fuck with me

And mamma rise me as a solider  
Born bread a solider  
Live die a solider  
And you can say I never told yah but  
The way they kill these snichtes for free  
Who me I plegde a ligents to the hood  
Cause police and politians mean us no good  
So light it up if your ready to fly  
Real soliders ain't afraid to die  
Smoke with me

Let mi tell it to you one time  
You violate mi even one time  
I only pull the trigger one time  
Slug kiss only one time  
You see the pictures all at one time  
Soliders lace dem I buss them one time  
Girl if I give to me one time  
It's forsure you'll be back more than one time

I'm fighten da demons confidently courageous  
I'm for the team not for individual status  
It wouldn't be real if haters stick to haters  
Now step back fool my flow is contagious  
Here comes the birth of a new era  
I'm about to bring dem to a new level  
Bring them through the heat of da night  
And guied them right back to the light  
Stay with mi

I'm ridin' high  
I'm burning on da cali cush

She's got da goods  
Baby just need a lil push  
Raised in da south  
My life is like a story book  
Had a lil faith and solider dats all it took  
Look at them now, look at them how I got them shook  
What it is, is what it is  
No matter how it look  
I got the herbs if your ready to fly  
Light up and let us head for the sky  
Stay with me

Let mi tell it to you one time  
You violate mi even one time  
I only pull the trigger one time  
Slug kiss only one time  
You see the pictures all at one time  
Soliders lace dem I buss them one time  
Girl if I give to me one time  
It's forsure you'll be back more than one time
