```
I've got time to kill
I'm not living for the moment anymore
I don't wanna wake up
I've got time to kill
I'm not living for the future anymore
I don't wanna wake
I don't wanna wake up
She goes back in time
She goes back in time
She goes back in time
Time, I wait for you
Hibernating, hoping life will start again
Petal in the water
The days all seem the same
I dream by day, I shut the light out, I escape
I don't wanna wake
I don't wanna wake up
She goes back in time
Slumping backwards, I forget, I forget
Time has wrapped its drowsy arms around my neck
Don't wanna wake up
Don't wanna wake up
She goes back in time
And back again
And back again
```
