It's Over Now

You

You turned and walk away I didn't know what to say I closed my eyes to hide The pain I felt inside I could never understand How love went out of hand And now there's nothing I can do

Though the feeling hasn't passed Sad to say our love didn't last Please don't ask me to pretend `Cause I know it's over When I'm done forgetting you You can say what you wanted to Please don't ask me to pretend `Cause I know it's over now

Now I'm left here all alone A heart without a home How will I ever find The love I left behind Once, the days were ours to share Now you don't even care And there's still nothing I can do

Though the feeling hasn't passed Sad to say our love didn't last Please don't ask me to pretend `Cause I know it's over When I'm done forgetting you You can say what you wanted to Please don't ask me to pretend `Cause I know it's over now...

Though the feeling hasn't passed Sad to say our love didn't last Please don't ask me to pretend `Cause I know it's over When I'm done forgetting you You can say what you wanted to Please don't ask me to pretend `Cause I know it's over now

(Instrumental)

Though the feeling hasn't passed Sad to say our love didn't last Please don't ask me to pretend `Cause I know it's over When I'm done forgetting you You can say what you wanted to Please don't ask me to pretend `Cause I know it's over now
