

Yours And Mine

Kyle Park

You can give me a million reasons why you love me.
I'd just give you a million reasons right back.
And I hope you can see how much you mean to me
In this world of mine
'Cause baby I ain't lyin'

You can say that you'd fly to the moon just to prove that you love me.
And I'd gather up the stars just to put 'em in your hand.
Now what we've got going here is more than love at first sight.

This can last all our lives.

Now what do I say when I can't find the words to describe just how I feel.
And what do I say when you don't say anything.

Lord knows I try my best to give you everything I can give.
As long as I live.

Lord knows I try my best to give you everything I can bring.
With this ring.

You can give me a million reasons why you love me.
I'd just give you two million reasons right back.

There's no stopping two hearts like ours.
There's no reason to even try.

There's nothing better than this world of yours and mine.

There's nothing better than this world of yours and mine.
