

Christmas Isn't Christmas 'Til You Get Here

Kylie Minogue

It's been a long time to be missing you, you, you
You're on your way now, lover, and I'm over the moon
Everything's on, in place, but there is one thing clear
Christmas isn't Christmas 'til you get here

Those sleigh bells ring, ring, ring
Whole romance blink, blink, blink
So many fairy lights are busy sparkling
They're climber and they glow
It's all for you, my dear
Christmas isn't Christmas 'til you get here

There's a present by the fire place
Wrapped especially for you
But all that I want is to see your face
That's how you make my wish come true

The second [?] you bring me butterflies
You're getting close now baby I can feel it inside
And when you're holding me, that's when you make me year
Christmas isn't Christmas 'til you get here

Tuh, tuh, tuh, tuh, tuh, tuh
Tuh, tuh, tuh, tuh, tuh, tuh
Tuh, tuh, tuh, tuh, tuh, tuh
Tuh, tuh, tuh, tuh, tuh, tuh
Tuh, tuh, tuh, tuh, tuh, tuh
Christmas isn't Christmas 'til you get here

There's a present by the fire place
Wrapped especially for you
But all that I want is to see your face
That's how you make my wish come true

I hear the [?]
Baby you're right on time
[?]
I'm looking into your eyes
I [?]
Because it's all so real
Christmas isn't Christmas 'til you get here
Christmas isn't Christmas 'til you get here
Christmas isn't Christmas 'til you get here
