- 1. Especially for you
   I wanna let you know what I was going through
   All the time we were apart
   I thought of you
   You were in my heart
   My love never changed
   I still feel the same
- 2. Especially for you
   I wanna tell you I was feeling that way too
   And if dreams were wings, you know
   I would have flown to you
   To be where you are
   No matter how far
   And now that I'm next to you
- X: No more dreaming about tomorrow Forget the loneliness and the sorrow I've got to say It's all because of you
- R: And now we're back together, together
  I wanna show you my heart is oh so true
  And all the love I have is
  Especially for you
- 3. Especially for you
   I wanna tell you, you mean all the world to me
   How I'm certain that our love was meant to be
   You changed my life
   You showed me the way
   And now that I'm next to you
- \*: I've waited long enough to find you
  I wanna put all the hurt behind you
  Oh,
  And I wanna bring out all the love inside you,
  Oh
- R: And now we're...

You were in my heart My love never changed

R: And now we're...
