

I'm So High

Kylie Minogue

Will you take me pool side
Can feel the summer breeze
There's a place that looks inviting
By a little taste of moonlight
And a canopy of stars

Ooo ooo ooo ooo ooo ooh
Its a feeling
Such a feeling
Something I can not hide
You're the reason
I'm so high

Never had the feeling
So could it be more right
I feel as if I know you
But we only met tonight
I've got a cool sensation
I can hardly catch my breath

Ooo ooo ooo ooo ooo ooh
Its a feeling
Such a feeling
Something I can not hide
You're the reason
I'm so high

Ooo ooo ooo ooo ooo oh
Its a feeling
Such a feeling
Something I can not hide
On the ceiling
I'm so high
In the evening
I'm so high
Such a feeling
I'm so high

The party's almost over
I don't want tonight to end
We could be starting something
You feel more than a friend
The universe conspired
For the two of us tonight

Ooo ooo ooo ooo ooo ooh
Its a feeling
Such a feeling
Something I can not hide
You're the reason
I'm so high

Ooo ooo ooo ooo ooo ooh
Its a feeling
Such a feeling
Something I can not hide
You're the reason

I'm so high

On the ceiling

I'm so high

In the evening

I'm so high

Such a feeling

I'm so high
