

# It's No Secret

Kylie Minogue

It's no secret, it's no secret  
It's no secret, it's no secret  
It's no secret, it's no secret  
It's no secret, it's no secret

When I first met you, how you changed my life that day  
But with each tomorrow you just seem to drift away  
Then I discovered that you were cheating  
You were cheating on me but I was the last to know

Our love was a lie  
And it's no secret, it's no secret, it's no secret  
How you hurt me inside  
And it's no secret because you told everybody

Didn't I really love you, you know I gave you all my heart  
When I put my arms around you I never thought we'd ever part  
Then I discovered, I guess you couldn't love me  
Like you said you loved me, oh no, why was I the last to know

Our love was a lie  
And it's no secret, it's no secret, it's no secret  
How you hurt me inside  
And it's no secret because you told everybody

All of my life I was looking for someone just like you  
You shattered my dreams, tore me apart, what can I do?  
You cheated, you cheated on me  
But I was the last to know

Our love was a lie  
And it's no secret, it's no secret, it's no secret  
How you hurt me inside  
And it's no secret because you told everybody

Our love was a lie  
And it's no secret, it's no secret, it's no secret  
How you hurt me inside  
And it's no secret because you told everybody

Our love was a lie  
And it's no secret, it's no secret, it's no secret  
How you hurt me inside  
And it's no secret because you told everybody

It's no secret  
It's no secret  
It's no secret
