Live and Learn

Kylie Minogue

You can never undo Whatever's been done You're so afraid That true love may never come

Maybe tomorrow will bring Happiness in And in a little while You could learn to smile Again, oh, oh

But never give up That's a big mistake Be true to your heart And even if it breaks You can still

Love another day
Find another way
Take a little time
And you could find
That one day your heart
Will have a home

Live and learn
When the morning comes
You'll see things in a different light
Give a little time
Don't be afraid to
Do what you must do
It's all up to you
To live and learn

What's done is done
Past is past
You can look around
But you can never go back, keep on

Living your life
Living it right
Take a little time
And you could find
That one day your heart
Will have a home

Live and learn
When the morning comes
You'll see things in a different light
Give a little time
Don't be afraid to
Do what you must do
It's all up to you
To live and learn

To live and learn (Don't be afraid to Do what you must do

It's all up to you)
Don't be afraid to
Do what you must do
It's all up to you
(Don't be afraid to
Do what you must do
It's all up to you)
To live and learn

Live and learn
When the morning comes
You'll see things in a different light
Give a little time
Don't be afraid to
Do what you must do
It's all up to you
To live and learn
