

# Never Too Late

Kylie Minogue

Why can't you see that I'm still mad about you?  
Even though I've found out about you  
I'll always stay forever true  
And in my heart I will forgive you  
I've got so much love to give you

It's never too late, we've still got time  
It's never too late, you can still be mine  
It's never too late to change your mind

Why can't you try and be a man about it?  
And if you stop and think about it  
You just can't keep walking out on me  
And even if it takes forever  
Your love's better late than never

It's never too late, we've still got time  
It's never too late, you can still be mine  
It's never too late to change your mind

Though I try, I can never put you from my mind  
You just creep right back inside  
And there's no place I can hide

And even if it takes forever  
Your love's better late than never

It's never too late, we've still got time  
It's never too late, you can still be mine  
It's never too late to change your mind
