

# Say the Word - I'll Be There

Kylie Minogue

Oh, in the dead of night  
Adrift on the ocean wide  
High on the mountain side  
You can count on me

If you're deep in the jungle boy  
Caught in a winter storm  
Kidnapped by anyone  
I'll set you free

Say the word - I'll be there  
To give you love and care  
There's nothing that I wouldn't do for you  
Say the word - I'll be there  
I'll reach you anywhere  
Nothing can keep me away from you

If you're lost in the wilderness  
Can't tell the east from west  
Just feeling second best  
I won't let you down  
The night comes around again  
And you're with a friend  
I'll love to the very end  
I'll come around

Say the word - I'll be there  
To give you love and care  
There's nothing that I wouldn't do for you  
Say the word - I'll be there  
I'll reach you anywhere  
Nothing can keep me away from you

If you're deep in the jungle boy  
Caught in a winter storm  
Kidnapped by anyone  
I'll set you free

Say the word - I'll be there  
To give you love and care  
There's nothing that I wouldn't do for you  
Say the word - I'll be there  
I'll reach you anywhere  
Nothing can keep me away from you

Say the word - I'll be there  
To give you love and care  
There's nothing that I wouldn't do for you  
Say the word - I'll be there  
I'll reach you anywhere  
Nothing can keep me away from you
