

# Step Back in Time

Kylie Minogue

I wanna funk  
I wanna hip, hip, hip, hip you n' hip  
I wanna funk, I wanna funk  
I wanna hip, hip, hip, hip you n' hip  
I wanna funk, I wanna funk  
I wanna hip, hip, hip, hip you n' hip

Non-stop dancing the bus stop  
To the funky music  
Hustle, pumpin' the muscle  
Blame it on the boogie

Remember the old days  
Remember the O'Jays  
Walkin' in rhythm  
Life was for livin'

When you can't find the music  
To get down and boogie  
All you can do is step back in time  
Ball of confusion  
When nothing is new, and  
There's nothing doin', step back in time

Keep on truckin' along  
Riding on a love train  
And then we can float on  
You'll never go wrong

When you can't find the music  
To get down and boogie  
All you can do is step back in time  
Ball of confusion  
When nothing is new, and  
There's nothing doin', step back in time

Step back in time  
Step back  
I wanna step back, step back

Remember the old days  
Remember the O'Jays  
Walkin' in rhythm  
Life was for livin'

When you can't find the music  
To get down and boogie  
All you can do is step back in time  
Ball of confusion  
When nothing is new, and  
There's nothing doin', step back in time

When you can't find the music  
To get down and boogie  
All you can do is step back in time  
Ball of confusion  
When nothing is new, and

There's nothing doin', step back in time

When you can't find the music

To get down and boogie

All you can do is step back in time

Ball of confusion

When nothing is new, and

There's nothing doin', step back in time
