## **Kylie Minogue**

1. Do you believe I'd let you down Your jealous heart gave you the runaround You couldn't see That I would always be your friend

If you can look inside your heart And understand what's tearing you apart You gotta trust someone Don't let hate get in the way

- R: Just turn it into love
  Turn it into love
  And open up your heart and you'll
  Never feel ashamed if you
  Turn it, turn it, turn it into love
- 2. When all your other friends are gone I'll still be here to help you carry on If you have faith in me Then I'll believe in you

You are the first thing on my mind Do you believe I wouldn't have the time I have to make you see You can't push the pain on me

R: Just turn it into love...
