

Flip the Phase

Kyuss

You lay it down and let it teach you a lesson
You lay it down burnin' up in a second
I bought her something I could grip on
I'm burnin' up like to leave us alone

It ain't fair
It ain't done
It ain't up to me

You lay it down and let it teach you a lesson
Lay it down burnin' up in a second
I bought her something I could grip on
I'm burnin' up like to leave 'em alone

It ain't fair
It ain't done
It ain't up to me
