

# Hollywood's Burning

L.A. Guns

If I wanted to, would you let me do  
All kinds of crazy things to you  
When I wanna fly, way up in the sky  
Will you be my guide, will you

Everybody gets a little crazy

Hollywood's burnin' house by house  
Goin' down in flames, can't put it out  
Hollywood's burnin' mile by mile  
Can't put it out, burnin' down in style

And through burning flames  
I will call your name  
We'll watch it burn from way up high  
From the ashes rise, be my alibi  
We take back the night

Hollywood's burning  
Hollywood's burning
