

# Slap In The Face

L.A. Guns

Kamikaze hit man  
Love on the run  
No mercy 4 the children  
Of the night  
U tangle on my brain  
U drive me insane  
I want what u got  
No surprise

Cold sweat my hands shake

No point getting excited  
She's on the case  
Knock u off your rocker  
Like a slap in the face

U fuss u fight  
U think u got the right  
Make love the camera never lies  
We got the power  
We got the moves  
14 thousand killer watts  
Just 2 make u groove

And it's just  
Like smoking lightning

No point getting excited  
She's on the case  
Knock u off your rocker  
Like a slap in the face
