

Venus Bomb

L.A. Guns

Venus bomb baby on a saturday night
Headlights flashin', chrome pipes outta sight
Flag comes down, makes that sound
My baby's big 8!

Four on the floor but Venus she's got more
Black cherry red with her suicide doors
Baby's action is an evil high
Just one ride gonna blow your mind

Start your engine, drive me to hell
Her purring motor got me under a spell
Venus bomb baby I know you will

Put another dime in that record machine
Gonna cut a rug like you ain't never seen
Grab your girls and grab your cars
Run a mile from johnny law

Start your engine, drive me to hell
Her purring motor got me under a spell
Venus bomb baby I know you will

Yeah you will, she gonna glide, gonna roll
Get in her driver's seat and take control
Yeah

Start your engine, drive me to hell
Her purring motor got me under a spell
Venus bomb baby I know you will

Start your engine, drive me to hell
Her purring motor got me under a spell

Venus bomb baby
Vesuvius baby
Venus bomb baby
Gimme a thrill
Yeah

Yeah, yeah, oh!
