Yeah yeah yeah
This is the noise that I make when I wake the dead
Oceans collide inside my head
I have no fear, no use for pain
I am omnipotent

Yeah yeah yeah Come wake the dead Waking the dead Waking the dead Yeah yeah yeah

This is the noise that I play when I raise the dead Can't get this song out of my head Black zombie radio
Come with me where I go

Yeah yeah yeah Come wake the dead Waking the dead Waking the dead

Yeah yeah yeah Come wake the dead Waking the dead Waking the dead

I have no fear
No use for pain, pain, pain, pain
Oceans collide inside my head, head, head
Raise the dead, dead
Raise the dead, dead
Raise the dead
