

## Wheels Of Fire

L.A. Guns

I've been dreaming 'bout this night  
Praise the lord 2 make things right  
Hold so tight 2 your embrace  
Feel your breath against my face  
Hey baby I've got plans 4 u  
There ain't nothing I won't do  
Set the spark that sets my soul on fire  
I'll take u higher, higher, higher

I'm burning baby can't u see my heart's aflame  
I'll be the 1 u call by name  
There's no denying that u just take the pain  
I'll never ever break the chain  
Innocence fuels my desire  
Wheels Of Fire

Darkness falls my blood starts racing  
My heart's beating like a drum  
Beating out like a jungle rhythm  
4 beats 2 the bar  
Falling down like thunder from heaven  
Shooting Star

I'm burning baby can't u see my heart's aflame  
I'll be the 1 u call by name  
There's no denying that u just take the pain  
I'll never ever break the chain  
Innocence fuels my desire  
Wheels Of Fire
