

## Cool Out

L7

Are you gonna join?  
Are you the half that's gonna swallow the gun?  
Exactly where do you stand  
You seem to have trouble being human  
You've got a habit of starting a fight  
You wanna punch out somebody's light  
Messing with other people's lives  
What makes you think  
That you've got that right  
Cool out  
Yeah what's your problem?  
Cool out  
Cool out  
Yeah you're a psycho  
Just cool out  
Cool out
