

## I Drink

L7

I drink, I get drunk and fall on my face  
All my friends tell me I'm a basket case  
I drink, I get drunk and fall on my face  
I got so drunk  
I don't remember what happened  
But everybody said  
I had a real good time  
I drink, I get drunk and fall on my face  
All my friends tell me I'm a basket case  
I drink, I get drunk and fall on my face  
Went to a bar  
I met a guy, he bought me white russians  
I puked outside in the parking lot  
While he tried to kiss me  
Seein' blurry  
Talkin' slurry  
Feelin' queasy  
This is sleazy  
I drink, I get drunk and fall on my face  
All my friends tell me I'm a basket case  
I drink, I get drunk and fall on my face  
I went for drinks in hollywood  
Came to somewhere in hawthorne  
Broke up a bush, drove into a tree  
And rolled down a hill with my mouth wide open  
Seein' blurry  
Talkin' slurry  
Feelin' queasy  
This is sleazy
