

## Runnin' from the Law

L7

Playing rock and roll  
On a friday night  
A noise complaint  
Turned into a fight  
The neighbors were loud  
It disturbed our crowd  
We played some more  
And they stormed the door  
We didn't do nothing  
Hey hey hey...  
But now we're running  
And hiding  
Cops got on stage  
And they pulled my hair  
Kicked 'em in the balls  
(? )  
The fans in mind  
It shows how they find  
You can call me a tramp  
Don't unplug my amp  
We didn't do nothin'  
Hey hey hey  
But now we're runnin'  
And hidin'  
Runnin' from the law  
Runnin'  
Runnin' from the law
