

# The Feeling

La Roux

There's plenty of time to get me in shape  
I promise I'll keep the promises I make  
Barely said hello before we say goodbye  
While I'm away I swear I'll try  
When you laugh it makes me laugh too  
I can't believe I've let you get through  
Get through  
Get through

Can't sleep I'm thinking about you all night  
Tossing and turning  
It's not right

I won't let you hide

When it's dark and we're alone in the car  
I know I've got the feeling  
When I wake up and there you are  
I know I've got the feeling  
For you I will raise, raise the bar  
Cos I, I've got the feeling  
Got the feeling  
I've got the feeling

There's plenty of time to get me in shape  
I promise I'll keep the promises I make  
Barely said hello before we say goodbye  
While I'm away I swear I'll try  
When you laugh it makes me laugh too  
I can't believe I've let you get through  
Get through  
Get through

Don't, don't let me hide

Taking the time to make me feel right  
Taking the time to make me feel nice  
Can't sleep I'm thinking about you all night  
Tossing and turning  
It's not right

Don't, don't let me hide

On the outside I might seem strong but  
Really I'm, I'm just a loner  
I don't believe you ever really grow up  
I'm just a child whenever you show up
