

You're away or captured by TV  
I'm not on TV you can't see me  
You're the expert on celebrities  
No-one ever concentrates on me

You're, you're away or captured by TV'n  
Nobody ever concentrates on me  
You're, you're away or captured by TV, I want  
Human company!

I made my own "See me" -magazine  
Launched a "me"-commercial on TV  
Bribed film industry to hit the screen

Oh just let's face it now you are after me  
I did it all just to put you on your knees  
So try, try harder, you hardly are a dream  
-and famous girls are all picky and mean...
