

# Let the Sunshine

Labrinth

I feel a cold flush going through my hair  
and hey you know what  
I dont even care  
the time has passed me by  
its gone with the wind  
its only cus the sun shined once again  
now the party's on  
everybody's there  
and if you dont know anyone  
you'll still meet some new friends  
that's the way it is  
when I have myself a drink  
its only cus the sun shines once again

Let the sun shine  
let the sun shine baby  
let it all go  
let it all go baby  
let the sun shine  
let the sun shine baby  
let it all go  
let it all go baby

So turn the lights off  
aint no one afraid  
when the night comes  
it'll be just like the day  
and without the day  
I am glowing from within  
only cus the sun shined once again  
so play that sweet tune  
play it through the air  
and the volume  
blaze it up  
dont you ask me twice  
you know I'm gonna bid  
only cus the sun shined once again

Let the sun shine  
let the sun shine baby  
let it all go  
let it all go baby  
let the sun shine  
let the sun shine baby  
let it all go  
let it all go baby

I know that the world is gonna smile again  
when we go from the darkness into the light  
ohhh  
let the sun shine  
let the sun shine

Let the sun shine  
let the sun shine baby  
let it all go  
let it all go baby

let the sun shine  
let the sun shine baby  
let it all go  
let it all go baby (2x)

Let the sun shine yeah eh eyy yeah
