

## Lady Lost In Time

Labyrinth

Lady, lost in time  
Lady, let me try  
Never lose the faith  
Keep on trying once again

Wake up from the night  
Flowing in your mind  
Time has gone, but something's left behind  
A little twinkling light

Light of wasted memories  
Tell me, can you see?  
Everyone has one, somewhere in his heart  
You simply gotta find.

Lady, lost in time  
Lady, let me try  
Never lose the faith  
Keep on trying once again

Tell me what you feel  
Tell me what you need  
If you're calling for some help on your way  
I promise. I'll be there

Please don't ask me why,  
Please don't make me lie  
Life is like a game in which you win or lose  
But you can't ever choose

Lady, lost in time  
Lady, let me try  
Never lose the faith  
Keep on trying once again

Lady, lost in time  
Lady, let me try  
Never lose the faith  
Keep on trying once again
