

Cauterizer

Labyrinthe

There is no resurrection
It was all just a bullshit lie
Hung and left for dead is how that fucking faggot died

Consumed by vultures
Picking his frayed remains
Your so called king of kings
Haggard corpse was laid to waste

There was no hesitation
When that coward fell from his post
That piece of shit didn't die for you
He's just a bitch that couldn't save himself

Was this your appointed savior?
Was this your appointed savior?

Jesus Christ is a sacrificial lamb
He is a fucking fake
An illusion derived from pedophiles
To blind the ones they've raped
I do not give a fuck

I'll find his tomb
Exhume the body
Slit open his diseased chest
Drink the blood of the chosen son
Concurrently ripping out his his intestines
And squeeze out his shit with my bare hands

Six six six
Six six six
Six six six
Six six six
