

## An Irresistible Fault

Lacrimas Profundere

Listen to me baby  
I love the sweet form of your brows  
And can't get  
Enough of you my dear  
Listen to me baby  
Your lips are more than I deserve  
And your kiss  
Tastes better than cocaine  
Listen to me baby  
You you gave me all I need  
And don't care about me  
What we tried was meant to be  
An irresistible fault
