

## Be Mine In Tears

Lacrimas Profundere

Nevermore in yours  
Start to believe  
Everything is out of reach  
Nevermore I'd lie  
Right to your face  
Will this be our last embrace my dear

Behold me  
Be mine in tears  
That is what I want to see  
I crawl here  
You were my blade  
Puke your last embrace on me

No matter what you do  
No Matter what I say  
Disappear get out of my face  
No matter what you say  
It's over and too late  
With my life I'm gonna pay bitch
