

I Don't Care

Lacrimas Profundere

gain I tell a lie
This love should never die
I beg you to be mine babe
I beg you to hold on

"Alone" is just a word
a harmless senseless stupid thing
And for now
It doesn't hurt 'cause I don't care that you're not here

I guess you cannot see
For you my dear I bleed
Again you dried my tears babe
Though love is doing wrong
I'll wait for your shot
I swear I will hold on
