

# Lullaby For A Weeping Girl

Lacrimas Profundere

I Looked At You  
But I Don't Understand  
Come Close To You  
And Try To Grab Your Hand  
A Simple Touch Can Make Me Feel Better  
A Hopeless Kiss  
I Shatter

You, Just Lie In My Arms  
I Will Be There While We End  
And You Please Try To Pretend  
That No One And Nothing Harms

We Have To Quit And To Begin Again  
The Same Old Shit  
To Make Us Whole Again  
A Helpless Smile Won't Change Anything  
We Just Were, And Won't Be...
