

## Not To Say

## Lacrimas Profundere

No idea what to say  
I am here anyway  
When we are there  
But still away  
We aren't here  
To stay  
We aren't here  
To stay  
I don't know  
What to do  
I am yours that's for sure  
You can trust me  
For you I pray  
But I am here  
To stay
