

## Sad Theme For A Marriage

Lacrimas Profundere

Just let us die  
In our arms again  
You can't believe  
What you mean to me

For sure  
Everything's gone for now  
You shouldn't care  
As long you are here  
As long you are here

Just let us die  
In our arms again  
You can't believe  
What you mean to me

Please leave me later
