

## Wake Down

## Lacrimas Profundere

We return maybe  
To all walls of poise  
To bring you life  
I said  
You first  
Wake up  
Wake down  
No tears  
Please resist  
When will be there  
Never  
Wake Up  
Wake Down

I held you  
Or no one  
For a bitter touch  
Light us first  
Set you free my tear  
Is this a life or a compromise  
When will we be there  
At our rest
