

## Apart - Bittruf Part 1

Lacrimosa

So - you - said - that  
I - shall - try - to go on

I've seen your eyes  
They shined like stars to me  
And then I saw your soul  
An empty hall

Kissing you was like  
Kissing the past  
I felt like giving in

I felt like  
Being a part of something  
Something I was always  
trying to achieve  
I felt like  
Being a part of something  
Something that lasts

I've seen your ways  
They sometimes took me  
By surprise  
And then I saw your aim  
A ... lunatic

Touching you was like  
Touching a flame  
I felt like giving in

I felt like ...

And I need love  
Like I never needed love before ...
