Copycat

Come a little bit closer And hear what I've got to say Burning words of anger Of hate and desperation

What if I break the silence? What if I do forgive the past?

I know it might sound funny To tell you what I felt I mean I really loved you It's a shame - my fault - I know But why - but why Why are you so stupid? But why - but why Why are you so stupid?

Fuck you and your killing lies I hate your pissing attitude Why did you have to go so low Trueler - Copycat

What if I break the silence? What if I do forgive the past?

Sucking like a vampire The blood of all your friends But sorry, my blood was poisoned Now burn in hell

You killed the love You killed the trust

What if I break the silence What if I do forgive the past?
