

## Blood, Tears, Dust

Lacuna Coil

Do you remember my friend  
When I was frozen and dead inside  
A piece of nothing in this world  
Till I heard she said

Three nights of hell  
Immortality spell  
Light up the sky  
Make it through the darkness

Can you believe this my friend  
I was empty and broken inside  
She came to save me from the storm

Blood  
Tears  
Dust  
Take my blood  
Tears  
Dust
