

# Delirium

Lacuna Coil

Delirium, delirium, delirium, delirium,

I can't surrender  
I cannot breath and  
I'm still going under (going under)  
It's hard to realise  
It's getting closer (closer)  
I fear this struggle  
It's wasting me from inside

Delirium, delirium, delirium, delirium,

Insane, obsession (obsession)  
Is growing faster  
There's no medication  
It's hard to realise  
Lost in confusion (confusion)  
I hear the silence  
Is screaming aloud inside

Delirium, delirium, delirium, delirium,

Enclosed in a shrine  
Locked away inside my mind  
I walk in the darkness and neon lights  
Delirium will take me away

Delirium, delirium, delirium, delirium,  
Delirium, delirium, delirium, delirium,
