

# My Demons

Lacuna Coil

And I don't know what to say  
I'm thinking about you  
It's hurting without you  
I never learn from my mistakes

I feel fucked up today  
My demons cursing me as I'm awake  
My head is spinning I can't explain  
Your words are poison inside my veins

You lied!  
I don't believe you I can't relate  
You lied!  
I hate your voice cause it sounds so fake  
(You lied...)

And I don't know what to say  
I'm thinking about you  
It's hurting without you  
I never learn from my mistakes  
I'm thinking about you  
I'm choking without you  
And I don't know what to say

I should've walked away  
And break the circle that never ends  
No other way to survive the pain  
It's either I kill or I will be killed

You lied!  
But I'm still giving myself away  
You lied!  
I don't regret every single day  
(You lied...)

And I don't know what to say  
I'm thinking about you  
It's hurting without you  
I never learn from my mistakes  
I'm thinking about you  
I'm choking without you  
And I don't know what to say

I think of you and I can't forget  
Every word you said hurts inside my head  
Cannot let you go, things will never change

I feel fucked up today  
It's either I kill or I will be killed  
(You lied)

And I don't know what to say  
I'm thinking about you  
It's hurting without you  
I never learn from my mistakes  
I'm thinking about you  
I'm choking without you

And I know right now

Just the way that I will be killed  
You lied!
