

My Spirit

Lacuna Coil

Forget the pain and all the games we play
Forget the worry and the shame
I don't want no more
The gates of hell are waiting
Let them wait a little more

Where I go
My spirit is free
I'm coming home
Where I go
Remember me
But let me go

With no regrets I lay down all my blame
The faith
The hate
It's all the same
(You will become who you are)
I don't care no more
The gates of hell are waiting
Let them wait a little more

Senza rimpianti abbandono la colpa
il destino e l'odio sono una cosa sola
i cancelli dell 'inferno ci stanno aspettando
lascia che attendano
ovunque stia andando
il mio spirito e' libero
sto tornando a casa
conserva il ricordo
ma lascia che io vada

I can feel I can fly
Where I go
I can feel I can fly
Where I go
