

# The House of Shame

Lacuna Coil

Run!  
Rise!

Burn me, reducing the stigma  
Born to live in this House of Shame  
While I dig the grave of my path to find faith  
You weren't there  
While I was dying  
You're the reason why I'm feeling so deranged  
I will stay and haunt you forever

Why always staring into the light?  
If I don't hide inside the darkness  
You'll be compromised  
But...

Sometimes you will fly with me again  
Without falling  
Without falling

Rise!  
Read my words  
Run!  
Mark my words

I'm bedridden here  
Locked outside of my faith  
Incurable  
Captured by time  
You're the reason I'm feeling so deranged  
I will stay and haunt you forever

Why always staring into the light?  
If I don't hide inside the darkness  
You'll be compromised  
But...

Sometimes you will fly with me again  
Without falling  
Without falling

I told you to leave me alone  
I told you to leave me alone  
I told you to leave me alone  
I told you to leave me alone

Take my soul

Sometimes you will find me there again  
Without mourning  
Without mourning

Sometimes you will fly with me again  
Without falling  
Without falling

Rise!

Read my words  
Run!  
Mark my words
